

ROLE: Corporate & Business Graduate Programme

COMPANY: Smarties Corporate

The Business:

As a leading provider of business and consultancy services across the confectionary industry, and with a UK network of around 300 local agencies and seven regional offices, we really can lay claim to being a great place to work and a genuine destination of choice for ambitious graduates.

The Scheme:

If you want to get to know all about our business, then our Graduate Schemes are the ideal place to start. They represent a real investment in you, and we have exciting opportunities in our Head Office based Business Management, Legal Services, HR or Financial Services-Sales divisions. Undertaking a 3-year tailored programme, in a commercially focused, yet structured development environment, you'll learn all about your own specific discipline, as well as how to manage relationships and gain a genuine understating of how these centralised operations deliver real business benefits. Supported by your own personal buddy/mentor, we will be with you every step of the way, ensuring you are fully equipped to make the most of your future in a specialist or operational management role.

The Requirements:

- Commercially aware and with a genuine desire to develop and progress, you will relish the chance to work in a collaborative environment, where everyone plays a part.
- An excellent communicator and problem solver, who can build strong working relationships right across the board.
- We will be looking for a history of good academic performance, culminating in a minimum 2:2 degree in any subject area.
- More importantly, we are seeking someone who wants to challenge themselves to be the best they can be and, in the process, make a positive contribution to the evolving service and sales provision that is the cornerstone of our success.
