

ROLE: Graduate Talent Programme – Finance

COMPANY: TTR Bank

Your role

Ready to put your studies into practice? With continuous learning, early responsibilities and extensive networking, our graduate opportunities are a great way to start a successful career at TTR Bank.

We welcome graduates who will bring fresh perspectives and knowledge to our function.

The graduate program will provide you with a unique opportunity that will stretch and challenge you whilst providing the skills and experience a young professional needs.

We are looking for candidates who have an analytical mindset, strong communication skills and a keen interest in Finance. We have a range of roles within Group Finance; from more typical accounting roles such as controlling financial products or producing entity accounts, to project managers driving change, through to more technical specialists who lead the way in innovation.

We offer our employees a rewarding and fulfilling career. In addition to the exciting challenges from your day-to-day role, successful candidates will be provided training on a variety of technical and behavioural topics. You will also have the opportunity to work towards acquiring further qualifications such as CIMA or CFA.

Your team

Diversity helps us grow, together. That's why we are committed to fostering and advancing diversity, equity, and inclusion. It strengthens our business and brings value to our clients.

You'll be working within Group Finance. We act as financial experts to the businesses of TTR Bank, including the Investment Bank, Wealth Management and Asset Management. Our role is to be the guardians of the firm's resources, maintaining the books and records, be strategic partners to the business, preparing management and regulatory reporting, whilst striving to improve our processes through technologies and an innovative mindset.

Your expertise

You need to have, or be on track for, a 2:1 or the equivalent in your first undergraduate degree. You need to graduate between 2021-2023. It doesn't matter what you're studying, but we'd like to see evidence that you can:

- Analyse a problem, take a view and come to a decision.
- Plan, organize and communicate well.
- Make things happen.
- Stick with a task.
- Work in a team.
- Come up with ideas.

Perhaps you've organized a fundraising event or taken part in team sports? Or persevered and passed an exam in a subject you found challenging? Think about how things you've achieved match the skills we're after.

Your programme

Our Graduate Talent Program (GTP) lasts 18 months. You'll be directly involved in day-to-day operations, working with professionals and gaining first-hand experience of our business.

As well as on-the-job learning, you'll get training on the financial markets, our products and other core business topics. Rotational assignments are a key part of the program. By taking on other roles within Finance and in related departments, you'll gain a wider perspective.

Besides all that, you'll attend networking events, cross-business classes and social occasions where you'll get to know us.
